CONVICTION

BRANCH OUT, BARKING MAD, AND UP A TREE

Just the Ticket

A new generation of transportation design is delivering a restored sense of tranquility to the often chaotic pursuit of getting from point A to point B.

The rise of function specific lounges and special use zones now provide purposeful and accommodating destinations for a variety of like-minded travelers.

At Invision, we understand that areas such as these require finishes that support their environments. Whether it's sound absorption, roller-mobility, high-traffic performance, or all of the above, we have a diverse range of products that are just the ticket.

Tailored Spaces

In order to create more memorable lodging experiences, a shift in refined aesthetics is fostering a bespoke sense of luxury combined with an elevated awareness of indulgence for the dollar.

Environments boasting a blend of unique furnishings, expressive lighting, and rich, textural finishes make for beautifully inviting and tailored spaces.

To achieve and retain the aesthetics of your flooring finishes, our innovative tufting capabilities in combination with a variety of proprietary technologies allow you to create specialized carpeting to accommodate form and function.

Team Spirit

Whether you're cheering on the home team or simply socializing with a few thousand of your closest friends, sports venues are bringing together the thrill of live action with the comfortable accommodations of home.

Well appointed stadium suites join forces with spacious and lively club lounges to score an unequalled atmosphere of good times and comradery.

Whether it's simply stated textures or bold, boisterous patterns, our multitude of standard and customizable products easily allows you to incorporate your logo, your colors, and your limitless team spirit.

Curated Spaces

Nothing speaks more profoundly about a city's culture than the wonders and rich history that can be discovered in its museums and heritage sites.

Whether you're curious about local folklore or have a desire to get up close and personal with our solar system, enlightenment is now being offered in warmer, softer spaces that engage and inspire.

Invision's selection of timeless flooring products offers unmatched acoustical properties, underfoot comfort, and slip-safety to provide you with the perfect canvas for all of your curated spaces.

ENTERTAINMENT

Unwind & Escape

When the work week is done and it's time to unwind, there's nothing like a box office thriller, a turn at the roulette wheel, or a chance to sing along with your favorite band to help escape from the everyday grind.

The aesthetic demands of these spaces require unique, statement products with bold, saturated colors and sophisticated yet complex patterning in order to take center stage.

Whatever your venue, our expert design and development teams will work hand in hand with you to create the perfect backdrop for your entertaining environment.

INCEPTION

Shared Ideas

Travel in pursuit of knowledge is big business. We travel to conferences to be inspired by our contemporaries or jet off to expositions to witness the latest and greatest advancements.

The spaces in which we do this are steadily morphing away from utilitarian environments and into surroundings that utilize softer surfaces in order to provide a comfortable atmosphere that supports the networking experience.

Our vast offering of carpet tile products enable you to achieve this very aesthetic while offering the ease of maintenance, as well as the necessary acoustic properties so crucial to these collaborative spaces.

Make It Your Own

Invision understands that sometimes creative spaces require a flexible solution to achieve the ideal outcome for an unparalleled environment. For this reason, we have created a comprehensive customization program that offers an array of complementary designs that can easily be custom colored from our expanded palette of globally minded nylon colors. The diversity of this program allows for unique and innumerable combinations that will provide a signature statement for a distinctive vision.

ENVIRONMENT

Specifying environmentally-friendly carpet products is more involved than merely selecting a product based on a single attribute. For this reason Invision proudly offers a portfolio of multi-dimensional sustainable programs called EnAct that includes:

-
- R4** Our sample return program
 - EKO** Our fully recyclable, PVC-free modular backing
 - GREENWIZARD** Our online LEED calculator
 - AQUAFINITY** Our industry leading water reclamation system
 - ISO 14001** International certification for all of our facilities
 - NSF 140** International standard for sustainable carpet
-

With every advance in sustainability metrics, we seek further advancements to enhance the choices that you as our customer, have in order to select the hospitality carpets that are right for you and good for our planet.

SERVICE

Invision understands that service is key. This is why we provide a dedicated service coordinator to work with you as a single point of contact for managing all of the aspects of your carpet installation. From take-offs and estimating to production, shipping and delivery coordination, your service coordinator will be there to make sure that your order makes it to your jobsite smoothly and in a timely manner. You choose the level of service you need and we'll be there to provide it.

PERFORMANCE

Our carpets are designed to exceed your expectations in performance for demanding hospitality installations. We stand behind every aspect of our carpet – including fiber, backings and adhesives. In addition, we offer a variety of protection products that provide an added invisible defense against inconvenient maintenance issues.

-
- PROTEX®** A proprietary fiber treatment that impedes soiling and improves cleanability.
 - PROSEPT®** An antimicrobial additive that prohibits the growth of bacteria and fungi caused by common spills
 - COLORLOC PLUS®** A stain resistant technology that enables carpet to resist permanent staining and is backed with a lifetime warranty.
 - SENTIR®** A self-renewing treatment designed to control or eliminate odors
