GLOBAL CAPABILITIES

FLOORING GROUP

INVISION **kinetex**

---

## *J+J Flooring Group*

*Founded in 1957 and headquartered in North America, J+J Flooring Group believes in doing one thing and doing it well. It is for this reason we have dedicated the last sixty years to providing only the highest quality products and services created solely for the commercial sector.*

*This focus allows us to offer an unparalleled level of customer satisfaction on a fully integrated global scale. With representation around the world, you can be assured that we will be there to help you navigate the complexities of international project needs...wherever you are.*

## There with *Solutions*

With the increase of North American commerce into far-reaching parts of the world, we are well aware that your projects may not always be around the corner or even in the same time zone. To address this, we have teams of experienced personnel to provide solutions for you in order to reduce your risks as well as your costs through project logistics assistance.

Whether it's balancing the details of global lead times and freight challenges or managing unfamiliar tariff issues, we are there to simplify these often difficult and time consuming tasks. Finally, our global accounts team manages a network of qualified installers/fitters, to ensure that once your flooring is on site, we will be there for you until the last installation detail is completed.

## There with *Products*

In response to evolving flooring needs around the world, J+J Flooring Group integrates a portfolio of products that addresses a wide range of application requirements and stocking programs as well as standard and made-to-order options featuring:

### MODULAR CARPET

Easy transport, installation, and maintenance – plus lifetime performance warranties

### BROADLOOM CARPET

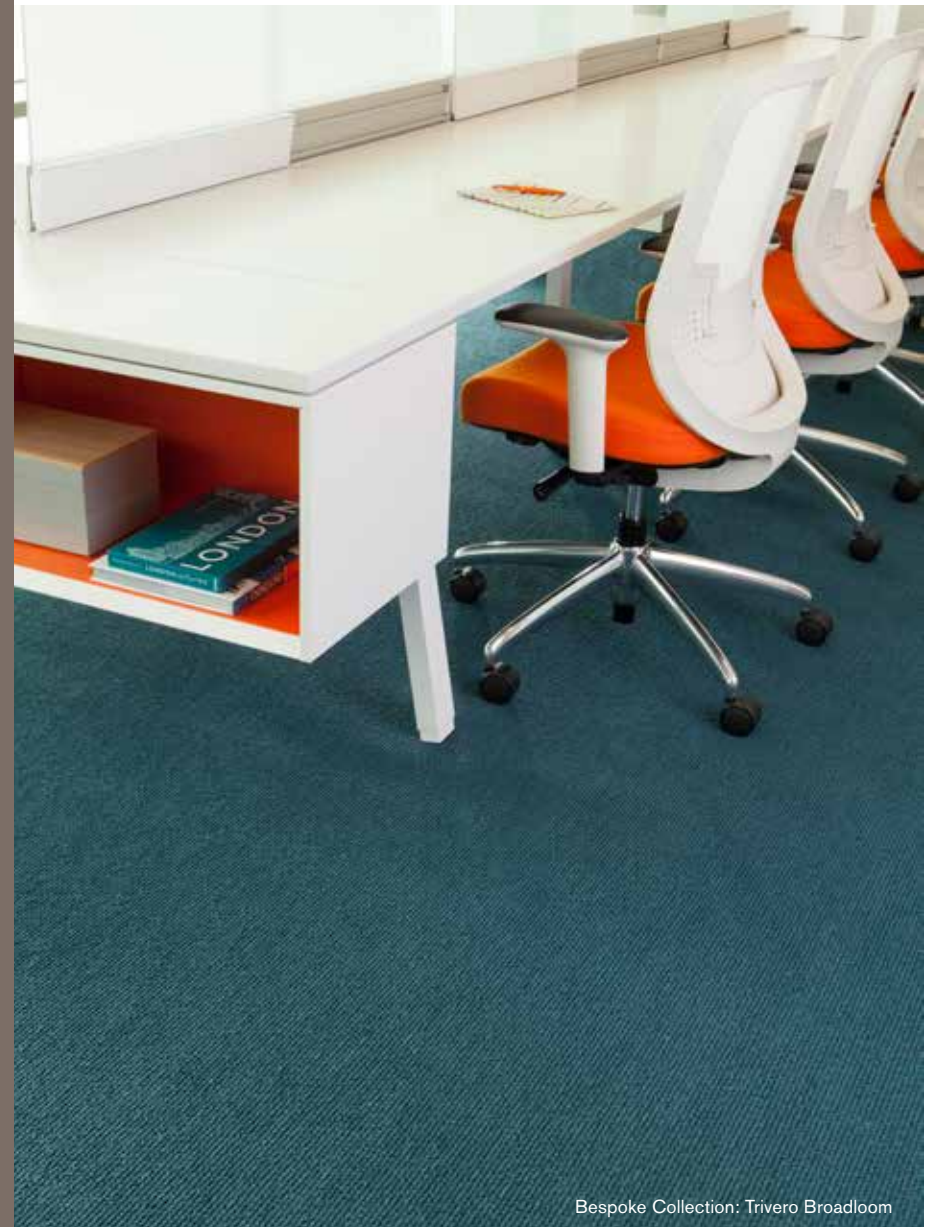

Multiple backing options address issues ranging from moisture to comfort

### TEXTILE COMPOSITE FLOORING

Kinetex®, a smart alternative to hard surfaces, delivers unmatched durability, cleanability, safety, and acoustical properties

### ENTRY-WAY SYSTEMS

Walk-off tiles remove dirt and moisture and enhance the aesthetics of adjacent flooring

Bespoke Collection: Trivero Broadloom

Bespoke Collection: From top Trivero, Kowloon, and Savile

## There with *Design*

Our exceptional product design brings together a unique fusion of high-end aesthetics and long-term performance. Attuned to the various differences and demands of our discerning global clientele, we offer an extremely flexible array of coordinating products.

From bold patterns that highlight an area to subtle colourations that support your space, our design team has thoughtfully designed a product for almost any installation type or cultural inclination. You can count on us to be there for you with flooring designs that embody excellence that you can see as well as experience.

## There with *Performance*

We understand that different spaces and different locations often demand different performance solutions. That is why we offer globally tested products and technologies that allow you to select the appropriate construction to address the needs of your facility and preserve your investment.

### **PROTEX® SOIL RELEASE**

A proprietary technology applied to the fiber to impede soiling and improve cleanability

### **SENTIR® ODOR BLOCKING TECHNOLOGY**

A self-renewing treatment designed to control or eliminate offensive odors

### **PROSEPT® ANTIMICROBIAL**

Inhibits the growth of bacteria and fungi that can degrade carpet performance and appearance

### **COLORLOC® PLUS**

Included on most space dyed products – ColorLoc Plus is bleach and stain resistant and provides a Lifetime Performance Warranty

Kinetex® Pop and Propel

## There with *Service*

We have discovered that dependable global service relies on a people-centered model. J+J Flooring Group people respond to your needs – they step up when a question arises, they step in when a snag appears.

These people are why **97%** of our orders ship in less than four weeks.

Our people are there to help you measure your success – monitor your inventory, deliver environmental reporting information, track lifespan data, and meet compliance demands and maintenance benchmarks.

With the services and expertise that reduce the complexity of global business, our people are there for you.

# There with *Sustainability*

Sustainability commitments are an absolute requirement for global business. J+J Flooring Group has a long history of sustainable achievements and will continue this pursuit well into the future. Resting upon the foundation of our corporate environmental management system — one that is **ISO 14001 certified** — our portfolio of sustainability programs includes:

## EPDs

Environmental product declarations ensure full compliance – available for 98% of J+J products

## eKo<sup>®</sup> MODULAR BACKING

Our fully recyclable, PVC-free modular backing

## GREENWIZARD<sup>SM</sup>

A tool designed to easily build project selections based on varied environmental parameters

## KINETEX<sup>®</sup>

Our advanced textile composite flooring that features more than 50% recycled content and is easily recycled into the next generation of itself

## AQUAFINITY<sup>®</sup>

Our industry-leading water reclamation system

## BREEAM

A standard for best practice in sustainable design, many J+J products offer highly rated BREEAM Certified Environmental Profiles

## CAMPUS GREEN

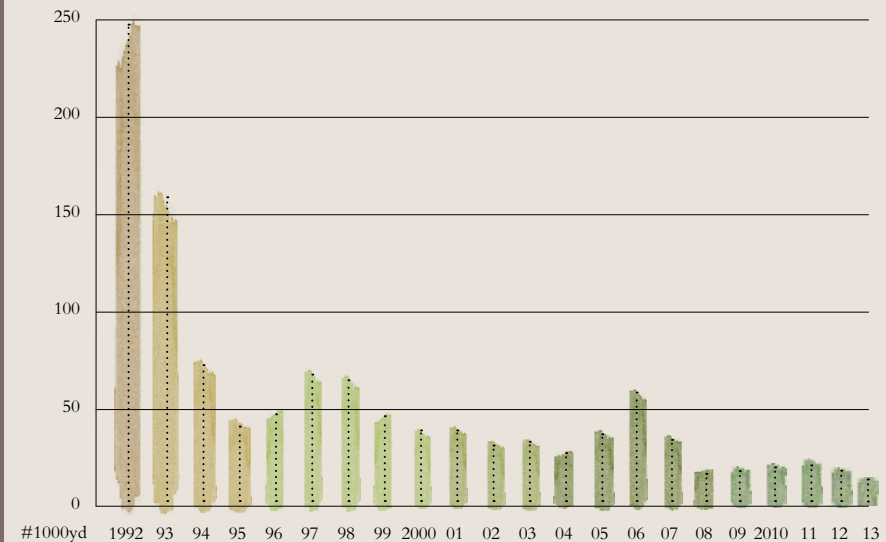

Our campus-wide effort that involves all of our people in the pursuit of environmental *sustainability*

## Material Usage

Since 1992, the amount of waste we've sent to the landfill has been reduced by more than 80 percent. We're aggressively working toward our **ultimate goal of zero waste** to landfill without reducing quality.

### J+J FLOORING GROUP LANDFILL ELIMINATION

#### 10X REDUCTION IN LANDFILL WASTE

Please see our Sustainability Progress Report at [jjflooringgroup.com](http://jjflooringgroup.com) for more information on our environmental initiatives.
