INSPIRATION

The visual tools that an artist needs to create a composition are line, shape, color, value, form, texture, and space. While exploring these principles, The Artistic Elements Collection was created – featuring two complementary products that are at once simple in their basic elements, yet layered with the subtle nuance and complexity.

Balance is a representation of symmetry – it's hand-sketched plaid is mirrored throughout the pattern, with slight variations of light and color. Rhythm captures the harmony of artistic elements through its subtle stria to create interest and consistency.

Artistic Elements Collection is available in a 24"x24" carpet tile, in 8 coordinating colors with quick ship options.

PRODUCT DETAILS

FIBER

Encore® SD Ultima® Nylon with recycled content is specifically engineered to maximize appearance retention with exceptional color, performance, sustainability, and practicality.

ADHESIVE

Commercialon® Premium Modular Adhesive
A high strength acrylic latex-based carpet adhesive specifically formulated for bonding modular PVC backed carpet to the floor. This premium adhesive is for use with all Nexus Modular Tile products. This adhesive is guaranteed for the lifetime of the installation when used in accordance with the J+J Flooring installation instructions. Commercialon® Premium Modular Adhesive meets the CRI Low-VOC Emission Criteria, CRI ID# PSA-425402. Commercialon® Premium Modular Adhesive is non toxic, has ultra-low odor and is antimicrobial in the dry state.

OPTIONAL:

Commercialon® High Moisture Adhesive
TileTabs - High Tack Adhesive Tabs (modular only)

FIBER OPTION:

Encore® 100
The high recycled content incorporated into Encore 100 nylon provides a reduced environmental impact without compromising quality or color clarity.

- 100% post-industrial (pre-consumer) recycled content
- Full inclusion into the J&J Flooring Carpet Reclamation Program
- Lifetime warranty for stain removal, colorfastness, wear and static
- See sales rep for for availability and price

TECHNOLOGIES

ProTex® Anti-Soil Treatment
ProTex is a proprietary anti-soil treatment technology that is applied and bonded to the pile fiber to impede soiling and to improve cleanability. It is standard on all J+J Flooring products.

OPTIONAL:

ProSept® Antimicrobial
Sentir® Advanced Odor-Blocking Technology

Any unauthorized copying or duplication of this design constitutes copyright infringement in violation of federal law. Due to the unique visual characteristics of modular carpets, pattern repeats and pattern run-off seams may appear more noticeable than in broadloom carpets. Such visual characteristics do not constitute a manufacturing defect, and as such, should be considered when selecting modular carpet and its installation.

These photographs are representations of the installation for this modular product. Your modular installation may look different than these photos depending upon individual tile placement, lighting, and overall space layout, including furnishings. Final tile placement and the resulting visual is thus the customer's, and not J+J Flooring's responsibility.
