product details

SUSTAINABLY SOUND

J+J believes true sustainability requires full attention to the potential impacts of every aspect of our business. In accordance with our mission of waste reduction, J+J LVT products are 100% recyclable with up to 25% post-industrial recycled content – a true, safe and reliable stream derived from the manufacturing process.

You can rest assured that health is also a top priority and all J+J LVT products are FloorScore Certified.

MOISTURE

Are high levels of moisture in your concrete slab causing issues with your project’s floor covering? We can help.

- J+J LVT (2.5mm and 3mm) – 97% RH
- Cost-efficient
- Long-term performance
- Straightforward, easy-to-understand 10-year and Lifetime warranties
- Requires no special floor preparation

Warranty: Installed with Commercialon® Premium Adhesive (non-prorated)	Warranty: Installed with TileTabs	Warranty: Installed with any other Adhesive	Max RH, pH: Installed without Commercialon® Premium Sealer	Max RH, pH: Installed with Commercialon® Premium Sealer
10 years	10 years (5mm only)	1 year	90% RH, pH 9	99% RH, pH 11 (TileTabs, 5mm)

ZPT ANTI-MICROBIAL TREATMENT

J+J LVT features a standard enhancement of ZPT (Zinc Protective Technology) anti-microbial. Dispersed into the product during the manufacturing process, ZPT anti-microbial prevents unpleasant odors, degradation and discoloration as a result of microbial contamination. ZPT contains Zinc Pyrithione as the main ingredient with no harmful additives. Zinc Pyrithione is a common dandruff shampoo ingredient and proven to be safe in both household and commercial use. ZPT anti-microbial technology guarantees your J+J LVT will provide a beautiful, long lasting and safe floor covering for years to come.

Green Circle - Zero Waste to Landfill Operations Certification

We are proudly certified as a Zero Waste to Landfill manufacturer by GreenCircle Certified, LLC., a prominent third-party certifier of environmental claims. We are the first commercial flooring manufacturer in the United States to achieve this landfill free status and the first company in the industry to have its waste diversion efforts audited and verified by a recognized, third-party certifier.

To learn more about zero waste or our other initiatives see our sustainability progress report online at jjflooring.com/sustainability

Due to the unique visual characteristics of modular carpets, pattern repeats and pattern run-off seams may appear more noticeable than in broadloom carpets. Such visual characteristics do not constitute a manufacturing defect, and as such, should be considered when selecting modular carpet and its installation.

These photographs are representations of the installation for this modular product. Your modular installation may look different than these photos depending upon individual tile placement, lighting, and overall space layout, including furnishings. Final tile placement and the resulting visual is thus the customer's, and not J+J Flooring Group's responsibility.
