product details

FIBER

Encore® BCF Nylon with ColorLoc® Plus

Encore BCF nylon with ColorLoc Plus is manufactured to offer exceptional color, performance and appearance retention. Carpet using Encore BCF nylon with ColorLoc Plus - our patented stain resistant technology - is engineered to resist permanent staining and is backed by Lifetime Performance Warranties for stain resistance, colorfastness, color transfer, water bleed, bleach resistance and wear.

BACKINGS

Nexus® Modular

Nexus modular products can be installed in a variety of ways and are performance engineered to be visually appealing. In addition, they are designed to accommodate your long-term flooring budget.

- Manufactured in an ISO 14001 certified facility
- Contains pre-consumer recycled content and contributes to LEED
- Recyclable through the J+J Flooring Group's R4 Carpet Reclamation Program

OPTIONAL:

Nexus Cushion

ADHESIVES

Commercialon® Premium Modular Adhesive

A high strength acrylic latex-based carpet adhesive specifically formulated for bonding modular PVC backed carpet to the floor. This premium adhesive is for use with all Invision Nexus Modular Tile products. This adhesive is guaranteed for the life of the installation when used in accordance with the J+J Flooring Group Carpet Installation Handbook. Commercialon Premium Modular Adhesive meets the CRI Low-VOC Emission Criteria, CRI ID# PSA-425402. Commercialon Premium Modular Adhesive is non toxic, has ultra-low odor and is antimicrobial in the dry state.

OPTIONAL:

TileTabs®

TECHNOLOGIES

ProTex® Soil Release

ProTex is a proprietary fluorochemical technology that is applied and bonded to the pile fiber to impede soiling and to improve cleanability. It is standard on all J+J Flooring Group products.

ProTex works similarly to the technology used in nonstick cookware by lowering the surface energy of the fibers which increases soil release properties. Very small soil particles cause carpet to appear dull. Thanks to ProTex, small soil particles are effectively removed by vacuuming or wet cleaning.

OPTIONAL:

ProSept® Antimicrobial

Sentir® Advanced Odor-Blocking Technology

corporate programs

Green Circle - Zero Waste to Landfill Operations Certification

We are proudly certified as a Zero Waste to Landfill manufacturer by GreenCircle Certified, LLC., a prominent third-party certifier of environmental claims. We are the first commercial flooring manufacturer in the United States to achieve this landfill free status and the first company in the industry to have its waste diversion efforts audited and verified by a recognized, third-party certifier.

To learn more about zero waste or our other initiatives see our sustainability progress report online at jjflooringgroup.com/sustainability

We're on it.

The J+J Flooring Group Premium Customer Experience.

Our Premium Customer Experience is a carefully crafted process by which we guarantee that our customers will get the products, services and the reliability they expect from us.

©2017 J&J Flooring Group, LLC - This unique design is protected under the U.S. Copyright Act of 1976. Any unauthorized copying or duplication of this design constitutes copyright infringement in violation of federal law.

Due to the unique visual characteristics of modular carpets, pattern repeats and pattern run-off seams may appear more noticeable than in broadloom carpets. Such visual characteristics do not constitute a manufacturing defect, and as such, should be considered when selecting modular carpet and its installation.

These photographs are representations of the installation for this modular product. Your modular installation may look different than these photos depending upon individual tile placement, lighting, and overall space layout, including furnishings. Final tile placement and the resulting visual is thus the customer's, and not J+J Flooring Group's responsibility.

*NRC rating is a measure of the effectiveness of a material in absorbing sound. The higher the NRC rating, the greater the ability of the flooring product to absorb airborne noise. Independent laboratory testing of Kinetex has shown an average NRC rating of 0.33 (bare concrete flooring will typically provide a NRC Rating of 0.015).

**IIC is a rating of the insulation from impact noise. The higher the IIC rating, the greater the sound insulation. Independent laboratory testing of Kinetex has shown an average IIC Rating of .64 (bare concrete flooring will typically provide an IIC Rating of 34) NOTE: Test results and testing laboratory will vary, and the above information is not guaranteed.

style	embossed 7035 modular
construction	textured patterned loop
fiber type	Encore® BCF (with ColorLoc Plus)
dye method	solution / yarn dyed
ounce weight	22 oz/sy (746 grams/m²)
gauge	1/12 (4.72 rows/cm)
backing	Nexus® Plank
size	18" x 36"
pattern repeat	n/a
total thickness (nominal average)	.25 inches (0.635 cm)
special technology	ProTex® fluorochemical
optional special technologies	ProSept® antimicrobial Sentir® advanced odor blocking treatment
physical testing	flooring radiant panel – (class 1) pill test – (passes) smoke density – (less than 450 flaming) static generation – (less than 3.5 kv) ADA compliance – (compliant for accessible routes)
warranties	lifetime fiber performance for wear lifetime fiber performance for static lifetime stain removal lifetime colorfastness to light and atmospheric contaminants lifetime for tuft bind strength (edge ravel, yarn pulls, zippering) lifetime against delamination lifetime dimensional stability
