

# Framework

# Framework

## INSPIRATION

The modern design of Framework takes traditional LVT to the next level. Framework offers the natural beauty and texture of wood in rich saturated hues of walnut, mahogany, teak and honey. In addition to making a statement all on its own, Framework is designed to work with J+J Flooring's modular carpet and Kinetex products, creating truly beautiful interiors. With a 5mm thickness, Framework eliminates the need for a transition strip, providing a virtually seamless installation.

### COORDINATES

Beyond the beauty of individual products, our flooring coordinates effortlessly across all of our product platforms - modular carpet tile, broadloom, LVT and Kinetex textile composite flooring. This offering enables you to blend a range of designs with tonal simplicity to create palettes that reflect the demands of each unique space.

SUSTAINABLY SOUND

J+J Flooring believes true sustainability requires full attention to the potential impacts of every aspect of our business. In accordance with our mission of waste reduction, J+J LVT products are 100% recyclable. You can rest assured that health is also a top priority and all J+J Flooring LVT products are FloorScore Certified.

MOISTURE

Are high levels of moisture in your concrete slab causing issues with your project’s floor covering? We can help.

- » Cost-efficient
- » Long-term performance
- » Requires no special floor preparation

<b>Max RH, pH:</b> Installed without Commercialon® Premium Sealer	<b>Max RH, pH:</b> Installed with Commercialon® Premium Sealer

ZPT ANTI-MICROBIAL TREATMENT

J+J Flooring LVT features a standard enhancement of ZPT (Zinc Protective Technology) anti-microbial. Dispersed into the product during the manufacturing process, ZPT anti-microbial prevents unpleasant odors, degradation and discoloration as a result of microbial contamination. ZPT contains Zinc Pyrithione as the main ingredient with no harmful additives. Zinc Pyrithione is a common dandruff shampoo ingredient and proven to be safe in both household and commercial use. ZPT anti-microbial technology guarantees your J+J Flooring LVT will provide a beautiful, long lasting and safe floor covering for years to come.

- 1 Protective UV Cured Urethane with Ceramic Bead
- 2 Wear Layer
- 3 High Definition Print Film
- 4 Impact Resistant Core Layer
- 5 Foundational Base Layer

WARRANTIES

We stand behind every aspect of our LVT. Each warranty is covered for 10 years, provided that installation and maintenance is in accordance with J+J Flooring’s LVT Installation instructions.

Due to the unique visual characteristics of modular carpets, pattern repeats and pattern run-off seams may appear more noticeable than in broadloom carpets. Such visual characteristics do not constitute a manufacturing defect, and as such, should be considered when selecting modular carpet and its installation.

These photographs are representations of the installation for this modular product. Your modular installation may look different than these photos depending upon individual tile placement, lighting, and overall space layout, including furnishings. Final tile placement and the resulting visual is thus the customer’s, and not J+J Flooring’s responsibility.
