

J+J FLOORING GROUP

CICIA | GOVERNMENT  
FLOORS & INTERIORS

GSA Advantage!®

Schedule #72  
Contract # GS-27F-0037N

---

For more than 55 years, J+J Flooring Group has helped create beautiful, high-performance, cost-effective public spaces throughout North America and around the world. Working with government building and procurement professionals to determine the best floorcovering solutions for their unique requirements, J+J Flooring Group offers the highest levels of styling, value, quality, sustainability, durability, and ease of installation and maintenance for government facilities.

---

INVISION

 FLOORING GROUP

# PROGRAM BENEFITS

In partnership with CCA Floors & Interiors, J+J Flooring Group takes its commitment beyond product selection and maintenance. CCA and our lead brand, Invision, bring together high performance and aesthetics with turnkey project management for government specifiers.

As a top 10 contract holder for flooring and installation services through the General Service Administration (GSA), CCA's Government Sales Division provides federal, state and municipal government clients a single source of contact for interior projects, managing every stage of the process:

*CCA manages flooring details from start to finish so its customers can focus on the overall project.*

## SUSTAINABILITY

### NSF 140 CERTIFIED

Invision offers a variety of advanced performance backing systems that are NSF/ANSI 140 Platinum or Gold Certified. This Green Carpet Standard uses a multi-attribute rating system for performance and quantifiable metrics in public health, energy efficiency, bio-based or recycled materials, manufacturing, reclamation and end of life management. eKo® modular backing is NSF 140 Platinum Certified and Nexus® modular backing and PremierBac® Plus broadloom backing are NSF 140 Gold Certified.

### REDUCED ENVIRONMENTAL IMPACT

We develop products with a number of favorable attributes that contribute to reduced environmental impacts, such as pre-consumer and post-consumer recycled content, production using renewable energy credits and use of reclaimed, filtered water in our carpet dyeing process.

### LOW EMITTING MATERIALS

All Invision carpets, adhesives and seam sealers, including all GSA approved products, comply with the Carpet and Rug Institute's Green Label Plus Testing Program for Indoor Air Quality. Additionally, all Invision carpet is manufactured in an ISO 14001 certified facility.

### ENVIRONMENTAL PRODUCT DECLARATIONS

Invision offers third-party certified Environmental Product Declarations (EPDs) for all standard products. An EPD is a transparent disclosure of the full life cycle environmental impact of a product. The declaration is based on verified, objective criteria according to ISO 14040/14044 standards. Invision is among the first carpet producers to complete this process for the full standard product line. All EPDs can be viewed at [jj-invision.com](http://jj-invision.com).

# OUR PRODUCTS

## DEPTH OF SELECTION

Through our partnership with CCA, GSA customers can choose from more than 75 aesthetically pleasing broadloom and modular carpet offerings. Many options in our product line coordinate beautifully with each other allowing you to blend strong designs with tonal simplicity to create environments that reflect your tastes and meet the installation and performance needs of each individual space.

## PERFORMANCE MATTERS

Manufactured to satisfy the stringent performance requirements for carpets in GSA-leased or owned facilities, our wide broadloom and modular offerings feature lifetime performance warranties from nylon to construction to adhesives. It's our promise of quality, performance and reliability.

## INVISIBLE PROTECTION

Invision carpets offer durable options that increase the protection of your flooring such as a fluorochemical that resists soiling, a antimicrobial that impedes bacteria growth and treatments that control or eliminate odors. Our products can deliver all of these protections, even when you can't see them at work.

---

**M** **MODULAR CARPET** *You will find a variety of modular products designed to stand alone or to coordinate beautifully with our broadloom products. Modular products also offer lifetime performance warranties.*

**B** **BROADLOOM CARPET** *We offer a variety of styles designed for all commercial end-use applications. Our broadloom products are available with both our high performance standard backing, PremierBac Plus, and our cushion backing system, Endure Plus — each with lifetime performance warranties and environmental attributes.*

**W** **ENTRY-WAY SYSTEMS** *Our walk-off tiles are an effective way to ensure dirt and moisture are removed before foot traffic reaches main public areas. These walk-off tiles offer the aesthetics of traditional carpet to complement the design flow of an interior.*

---

WEST HOLLYWOOD  
ROOM

From convention centers to office spaces and military bases, from airports to courthouses and libraries, Invision crafts beautiful, high-performance, cost-effective carpet for public spaces. As a brand of J+J Flooring Group – an independent, family-owned business for three generations, we engineer our broadloom and modular offerings with a steadfast commitment to design, quality, service, integrity and sustainability.
