Craftwork Chromatics

Craftwork Chromatics

INSPIRATION

Before there were manufacturing plants in Dalton, GA, before there were tufting machines, there were just people – experts in their craft of making tufted bedspreads and quilts, who pioneered early carpet making processes. Carpetmaking is still a craft, in every sense of the word. Craftwork and Chromatics is an ode and an homage to the art of carpet making. The rich, organic patterns are made distinct by delicate, but deliberate, detail. Craftwork and Chromatics have been brought to life by the hands of our own experts and artisans. Craftwork is offered in 12 colors in broadloom and modular tile with some modular colors available as quick ship. Chromatics is offered in 6 colors in modular tile.

COORDINATES

Beyond the beauty of individual products, our flooring coordinates effortlessly across all of our product platforms - modular carpet tile, broadloom, LVT and Kinetex textile composite flooring. This offering enables you to blend a range of designs with tonal simplicity to create palettes that reflect the demands of each unique space.

FIBER

Encore® SD Ultima® Nylon
(with recycled content) is specifically engineered to maximize appearance retention with exceptional color, performance, sustainability, and practicality.

BACKINGS

Nexus® Modular products can be installed in a variety of ways and are performance engineered to be visually appealing. In addition, they are designed to accommodate your long-term flooring budget.

- » Manufactured in an ISO 14001 certified facility
- » Contains pre-consumer recycled content and contributes to LEED
- » Recyclable through the J+J Flooring’s R4 Carpet Reclamation Program

PremierBac® Plus is standard on broadloom products and provides superior construction to ensure solid dimensional stability for broadloom carpets.

- » Stretch-in or glue-down installation
- » Manufactured in an ISO 14001 certified facility
- » Contains pre-consumer recycled content and contributes to LEED
- » Recyclable through the J+J Flooring R4 Carpet Reclamation Program

ADHESIVE

Commercialon® Premium Carpet Adhesive is formulated for the most demanding interior carpet installations. It forms a powerful bond with stiff and heavy backed commercial carpets directly over approved substrates. It is quick setting, features antimicrobial protection and can be removed easily. This solvent free adhesive is also low in odor, meeting the low VOC emission criteria of the CRI Green Label Plus Indoor Air Quality. Commercialon Premium Adhesive is for use with broadloom PremierBac Plus, TitanBac® Plus and Endure Plus backings systems.

Commercialon® Premium Modular Adhesive
A high strength acrylic latex-based carpet adhesive specifically formulated for bonding modular PVC backed carpet to the floor. This premium adhesive is for use with all Nexus Modular Tile products. This adhesive is guaranteed for the life of the installation when used in accordance with the J+J Flooring Carpet Installation Handbook. Commercial Premium Modular Adhesive meets the CRI Low-VOC Emission Criteria, CRI ID# PSA-425402. Commercialon Premium Modular Adhesive is non toxic, has ultra-low odor and is antimicrobial in the dry state.

OPTIONAL:
TileTabs - High Tack Adhesive Tabs (modular only)

MOISTURE

Are high levels of moisture in your concrete slab causing issues with your project’s floor covering? We can help.

- » Nexus® Modular Carpet with TileTabs – 99% RH
- » Cost-efficient
- » Long-term performance
- » Straightforward, easy-to-understand warranty
- » Requires no special floor preparation

TECHNOLOGIES

ProTex® Anti-Soil Treatment
ProTex is a proprietary anti-soil treatment technology that is applied and bonded to the pile fiber to impede soiling and to improve cleanability. It is standard on all J+J Flooring products.

OPTIONAL:
ProSept® Antimicrobial
Sentir® Advanced Odor-Blocking Technology

©2022 J+J Flooring Group, LLC - This unique design is protected under the U.S. Copyright Act of 1976. Any unauthorized copying or duplication of this design constitutes copyright infringement in violation of federal law. Due to the unique visual characteristics of modular carpets, pattern repeats and pattern run-off seams may appear more noticeable than in broadloom carpets. Such visual characteristics do not constitute a manufacturing defect, and as such, should be considered when selecting modular carpet and its installation.

These photographs are representations of the installation for this modular product. Your modular installation may look different than these photos depending upon individual tile placement, lighting, and overall space layout, including furnishings. Final tile placement and the resulting visual is thus the customer’s, and not J+J Flooring’s responsibility.
