Power Play

INSPIRATION

Grandmasters know the key to making a power move is to play with absolute confidence. From the opening gambit to the endgame, the pieces and elements are all part of a design strategy that heightens the senses and exhilarates the spirit. Power Play offers a dramatic backdrop that replicates the look of fossilized wood, naturally darkened over time, revealing beautiful hues and intricate patterning. Intriguing impressions of mineralized woodgrains make a dynamic statement and create interiors with a beautifully organic spatial advantage

SUSTAINABLY SOUND

J+J Flooring believes true sustainability requires full attention to the potential impacts of every aspect of our business. In accordance with our mission of waste reduction, J+J Flooring LVT products are 100% recyclable with up to 25% post-industrial recycled content – a true, safe and reliable stream derived from the manufacturing process. You can rest assured that health is also a top priority and all J+J Flooring LVT products are FloorScore Certified.

MOISTURE

Are high levels of moisture in yourconcrete slab causing issues with your project’s floor covering? We can help.

- » Cost-efficient
- » Long-term performance
- » Requires no special floor preparation

ZPT ANTIMICROBIAL TREATMENT

J+J Flooring LVT features a standard enhancement of ZPT (Zinc Protective Technology) antimicrobial. Dispersed into the product during the manufacturing process, ZPT antimicrobial prevents unpleasant odors, degradation and discoloration as a result of microbial contamination. ZPT contains Zinc Pyrithione as the main ingredient with no harmful additives. Zinc Pyrithione is a common dandruff shampoo ingredient and proven to be safe in both household and commercial use. ZPT antimicrobial technology guarantees your J+J Flooring LVT will provide a beautiful, long lasting and safe floor covering for years to come.

- 1 Protective UV Cured Urethane with Ceramic Bead
- 2 Wear Layer

Due to the unique visual characteristics of modular carpets, pattern repeats and pattern run-off seams may appear more noticeable than in broadloom carpets. Such visual characteristics do not constitute a manufacturing defect, and as such, should be considered when selecting modular carpet and its installation.

These photographs are representations of the installation for this modular product. Your modular installation may look different than these photos depending upon individual tile placement, lighting, and overall space layout, including furnishings. Final tile placement and the resulting visual is thus the customer’s, and not J+J Flooring’s responsibility.
