

Advanced Performance Backing Systems

J+J Flooring Group offers a dynamic range of backing systems, in both modular and broadloom, to meet your specific project requirements. Whether you are looking for general office carpet, special-use carpet for institutional environments or advanced carpet for superior on-the-floor protection, our Backing and Yarn Systems can be performance-matched to your projects' needs.

All of our backings feature Environmental Performance Technology® with environmentally conscious materials and advanced performance.

NSF 140 uses a rating system for performance and quantifiable metrics in public health and environment, energy and energy efficiency, bio-based or recycled materials, manufacturing, reclamation and end of life management.

NSF 140 recognizes sustainable carpet on three performance levels: silver, gold and platinum.

With sustainability at the forefront of our process, Invision offers four advanced performance backing systems that are NSF/ANSI Standard 140 Certified.

For more information or warranties, please contact your J+J Flooring Group Sales Representative or call 800 241 4586 x8020.
