Elemental Reveal

INSPIRATION

The peels of time from layers of paint on wood and masonry hint at a history concealed beneath. Embracing these weathered and contrasting imperfections, Elemental and Reveal unveil their own unrefined beauty of distressed patterning and texture. Elemental is a softly etched motif of muted tone-on-tones. Reveal mimics fragmented shards of pigment, scraped away, revealing layers of shades and texture just beneath the surface. Elemental and Reveal create a new dynamic for work spaces with a perfect balance of subdued and earthy colorways in 24"x24" tiles.
