J+J FLOORING GROUP

For more than 60 years J+J Flooring Group has crafted intelligent and beautiful commercial flooring for diverse applications. As a division of Engineered Floors, we have proudly grown to be the third largest flooring company in North America. We engineer all of our flooring products with a steadfast commitment to design, quality, service, integrity and sustainability.

TOTAL SOLUTIONS

J+J Flooring Group provides innovative flooring solutions based on the unique challenges of your project. Depending on your aesthetic and performance needs, J+J offers the most versatile combination of commercial products in the industry. Our portfolio is designed to solve your specification priorities, such as:

- budget
- delivery
- performance
- maintenance requirements
- sustainability
- acoustics
- comfort and safety

J+J Flooring Group's product offerings include broadloom and modular carpets and Kinetex, an award-winning textile composite flooring. To provide even more choices and total product solutions, J+J offers some of the most advanced LVT products in the market.

MODERN CLASSICS

Both contemporary and timeless, the more pronounced and harmonious wood grain patterns of Modern Classics bring an urban, yet organic, feel to any modern space. The light and airy cool undertones create a soft background for the beautifully aged knots and grains of pecan, teak, walnut and wenge in this newest LVT offering.

Modern Classics Annie and George, ashlar.

Modern Classics was thoughtfully designed to coordinate with J+J carpet and Kinetex products. It can also make a strong design statement all on its own for any project application.

COMMAND PERFORMANCE

When it comes to performance, J+J LVT delivers with true, 20-mil commercial wear layer products and a full 10-year commercial warranty. In addition to the durable wear layer, our LVT includes a ceramic bead which is added to the ultraviolet cured urethane clear coat for additional wearability and scratch resistance.

And when installing J+J LVT with carpet, there is no need to worry about multiple adhesives. We have formulated one adhesive to provide a strong and dependable installation for both J+J modular carpet and LVT.

For heavy rolling traffic, J+J LVT features the option to wet-set the installation, allowing for a strong and stable adherence and eliminating the need for two-part epoxy.

SUSTAINABLY SOUND

J+J believes true sustainability requires full attention to the potential impacts of every aspect of our business. In accordance with our mission of waste reduction, all J+J LVT products are 100% recyclable with up to 25% post-industrial recycled content - a true, safe and reliable stream derived from the manufacturing process.

You can rest assured that health is also a top priority and all J+J LVT products are FloorScore Certified.

ZPT ANTI-MICROBIAL TREATMENT

J+J LVT features a standard enhancement of ZPT (Zinc Protective Technology) anti-microbial. Dispersed into the product during the manufacturing process, ZPT anti-microbial prevents unpleasant odors, degradation and discoloration as a result of microbial contamination. ZPT contains Zinc Pyrithione as the main ingredient with no harmful additives. Zinc Pyrithione is a common dandruff shampoo ingredient and proven to be safe in both household and commercial use. ZPT anti-microbial technology guarantees your J+J LVT will provide a beautiful, long lasting and safe floor covering for years to come.

GREEN CIRCLE - ZERO WASTE TO LANDFILL OPERATIONS CERTIFICATION

We are proudly certified as Zero Waste to Landfill manufacturer by GreenCircle Certified, LLC., a prominent third-party certifier of environmental claims. We are the first commercial flooring manufacturer in the United States to achieve this landfill free status and the first company in the industry to have its waste diversion efforts audited and verified by a recognized, third-party certifier.

To learn more about zero waste or our other initiatives see our sustainability progress report online at jjflooring.com/sustainability

We're on it.
