INSPIRATION

Intertwining style with simplicity and a connection to nature, Step by Step features a loosely-woven linen motif, bridging the gap between contemporary and casual. Its chambray inspired pattern offers a palette of six light, medium and dark neutrals, along with six bolder, saturated colors and their softer, accent coordinates. Mix and match earthy tones that add depth and texture – or change the feel of the space with the more energetic tones – perfect for accents, wayfinding, or just adding a visual punch of color. Whether your vibe is bold or you want to keep it simple, Step by Step will provide a natural element and sophisticated aesthetic to a variety of commercial spaces. Available as 18x36 LVT tiles in 3mm and 5mm thickness.

SUSTAINABLY SOUND

J+J Flooring believes true sustainability requires full attention to the potential impacts of every aspect of our business. In accordance with our mission of waste reduction, J+J LVT products are 100% recyclable. You can rest assured that health is also a top priority and all J+J Flooring LVT products are FloorScore Certified.

MOISTURE

Are high levels of moisture in your concrete slab causing issues with your project’s floor covering? We can help.

- » Cost-efficient
- » Long-term performance
- » Requires no special floor preparation

Installed without Commercialon® Premium Sealer	90% RH, pH 9

Installed with Commercialon® High Moisture Adhesive	99% RH, pH12

ZPT ANTI-MICROBIAL TREATMENT

J+J Flooring LVT features a standard enhancement of ZPT (Zinc Protective Technology) anti-microbial. Dispersed into the product during the manufacturing process, ZPT anti-microbial prevents unpleasant odors, degradation and discoloration as a result of microbial contamination. ZPT contains Zinc Pyrithione as the main ingredient with no harmful additives. Zinc Pyrithione is a common dandruff shampoo ingredient and proven to be safe in both household and commercial use. ZPT anti-microbial technology guarantees your J+J Flooring LVT will provide a beautiful, long lasting and safe floor covering for years to come.

COMMERCIALON® PREMIUM MODULAR ADHESIVE

A high strength acrylic latex-based carpet adhesive specifically formulated for bonding modular PVC backed carpet to the floor. This premium adhesive is for use with all Nexus Modular Tile products. This adhesive is guaranteed for the life of the installation when used in accordance with the J+J Flooring Carpet Installation Handbook. Commercialon Premium Modular Adhesive meets the CRI Low-VOC Emission Criteria, CRI ID# PSA-425402. Commercialon Premium Modular Adhesive is non toxic, has ultra-low odor and is antimicrobial in the dry state.

Due to the unique visual characteristics of modular carpets, pattern repeats and pattern run-off seams may appear more noticeable than in broadloom carpets. Such visual characteristics do not constitute a manufacturing defect, and as such, should be considered when selecting modular carpet and its installation.

These photographs are representations of the installation for this modular product. Your modular installation may look different than these photos depending upon individual tile placement, lighting, and overall space layout, including furnishings. Final tile placement and the resulting visual is thus the customer’s, and not J+J Flooring’s responsibility.
