INTRINSIC COLLECTION Intrinsic Intrinsic Accent Integral

Intrinsic collection Intrinsic Intrinsic Accent Integral

INSPIRATION

Bringing together the essential elements of texture, light and color, **Intrinsic's** grid pattern over soft neutrals creates a smart, modern aesthetic. The interaction of color and pattern creates a multi-layered effect, with a rough-hewn feel - the perfect backdrop for a variety of interiors.

Intrinsic Accent takes the Intrinsic pattern one step further by introducing understated, yet very definite elements of color. These pops of color come and go throughout the design- some more distinct against the ground color, some that blend quietly within the neutral base.

The geometric motif of **Integral** softens and blurs into Integral's organic cascade of abstract patterning. Beautifully fluid shapes of monochromatic neutrals provide a landscape versatile enough to transform a space to anything from quiet and elegant- to extraordinary and energetic.

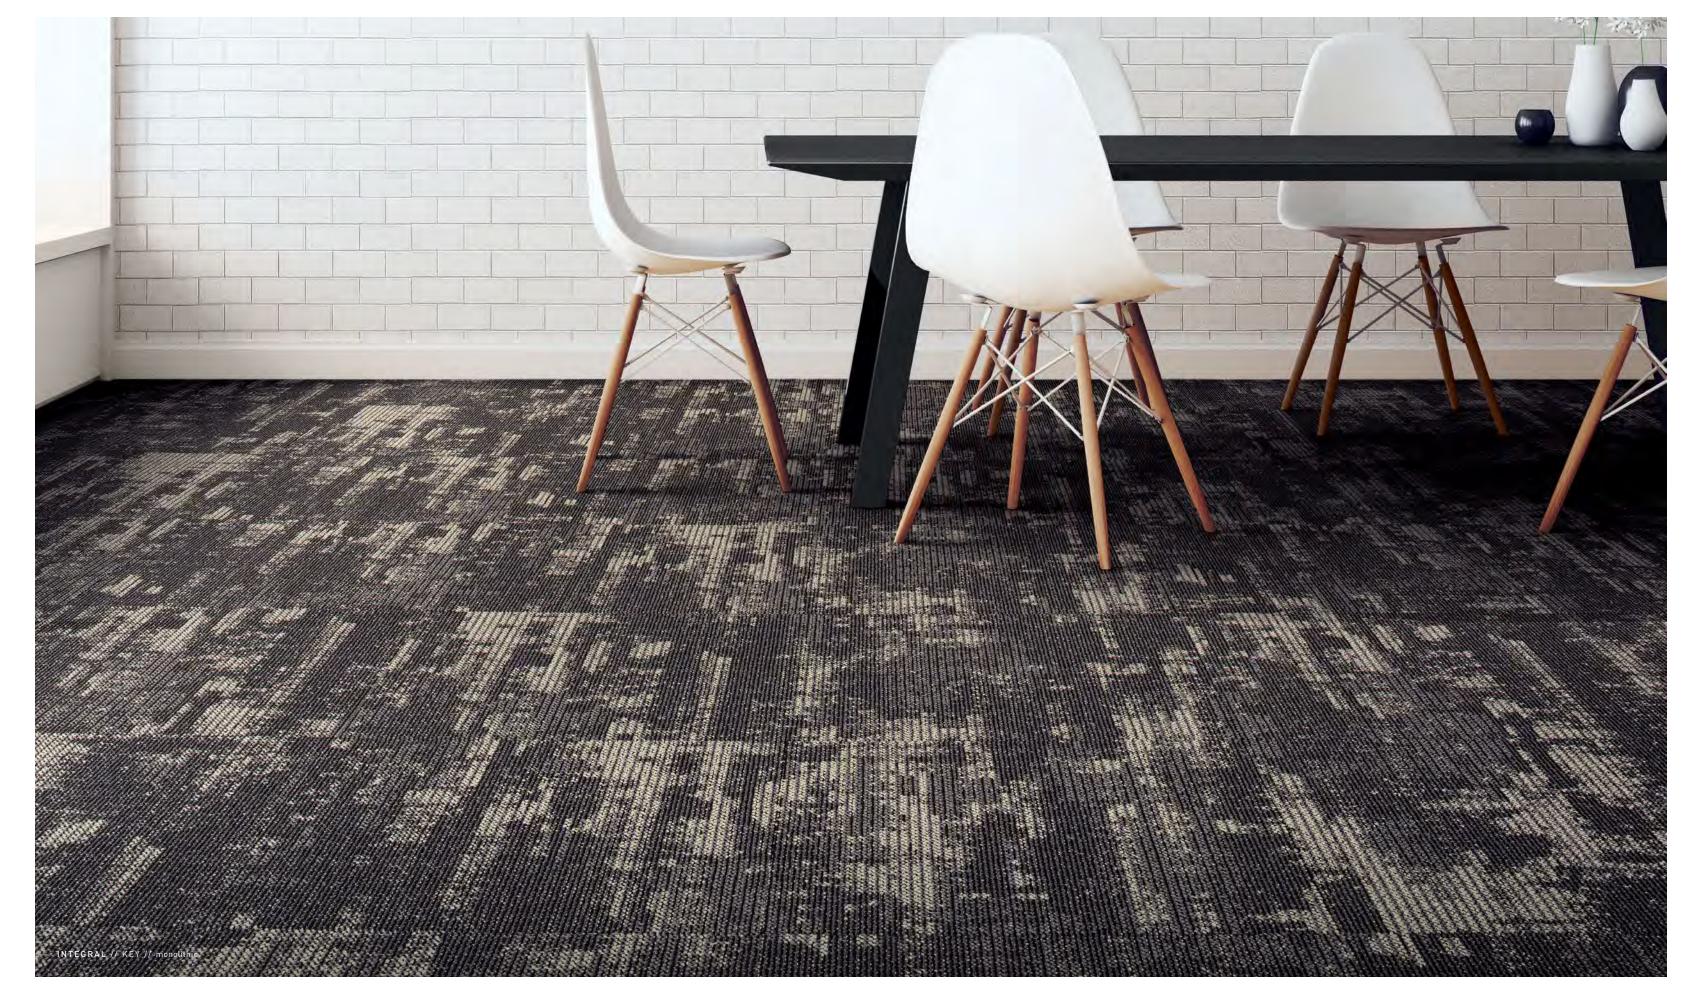

This dynamic trio of patterns balance an overlay of repeating geometric and organic elements to create interesting depth, making this a dimensional, go-anywhere collection.

COORDINATES

Beyond the beauty of individual products, our flooring coordinates effortlessly across all of our product platforms - modular carpet tile, broadloom, LVT and Kinetex textile composite flooring. This offering enables you to blend a range of designs with tonal simplicity to create palettes that reflect the demands of each unique space.

FIBER

Encore[®] SD Ultima[®] Nylon (with recycled content) is specifically engineered to maximize appearance retention with exceptional color, performance, sustainability and practicality.

BACKINGS

Nexus® Modular products can be installed in a variety of ways and are performance engineered to be visually appealing. In addition, they are designed to accommodate your long-term flooring budget.

- » Manufactured in an ISO 14001 certified facility
- » Contains pre-consumer recycled content and contributes to LEED
- » Recyclable through the J+J Flooring's R4 Carpet Reclamation Program

ADHESIVE

Commercialon[®] Premium Modular Adhesive A high strength acrylic latex-based carpet adhesive specifically formulated for bonding modular PVC backed carpet to the floor. This premium adhesive is for use with all Nexus Modular Tile products. This adhesive is guaranteed for the lifetime of the installation when used in accordance with the J+J Flooring installation instructions. Commercialon[®] Premium Modular Adhesive meets the CRI Low-VOC Emission Criteria, CRI ID# PSA-425402. Commercialon® Premium Modular Adhesive is non toxic, has ultra-low odor and is antimicrobial in the dry state.

OPTIONAL:

Made in the U.S.A.

©2023 J+J Flooring Group, LLC - This unique design is protected under the U.S. Copyright Act of 1976. Any unauthorized copying or duplication of this design constitutes copyright infringement in violation of federal law. Due to the unique visual characteristics of modular carpets, pattern repeats and pattern run-off seams may appear more noticeable than in broadloom carpets. Such visual characteristics do not constitute a manufacturing defect, and as such, should be considered when selecting modular carpet and its installation.

These photographs are representations of the installation for this modular product. Your modular installation may look different than these photos depending upon individual tile placement, lighting, and overall space layout, including furnishings. Final tile placement and the resulting visual is thus the customer's, and not J+J Flooring's responsibility.
