LANDFORMS COLLECTION

Mesa Valley

LANDFORMS COLLECTION

Mesa Valley

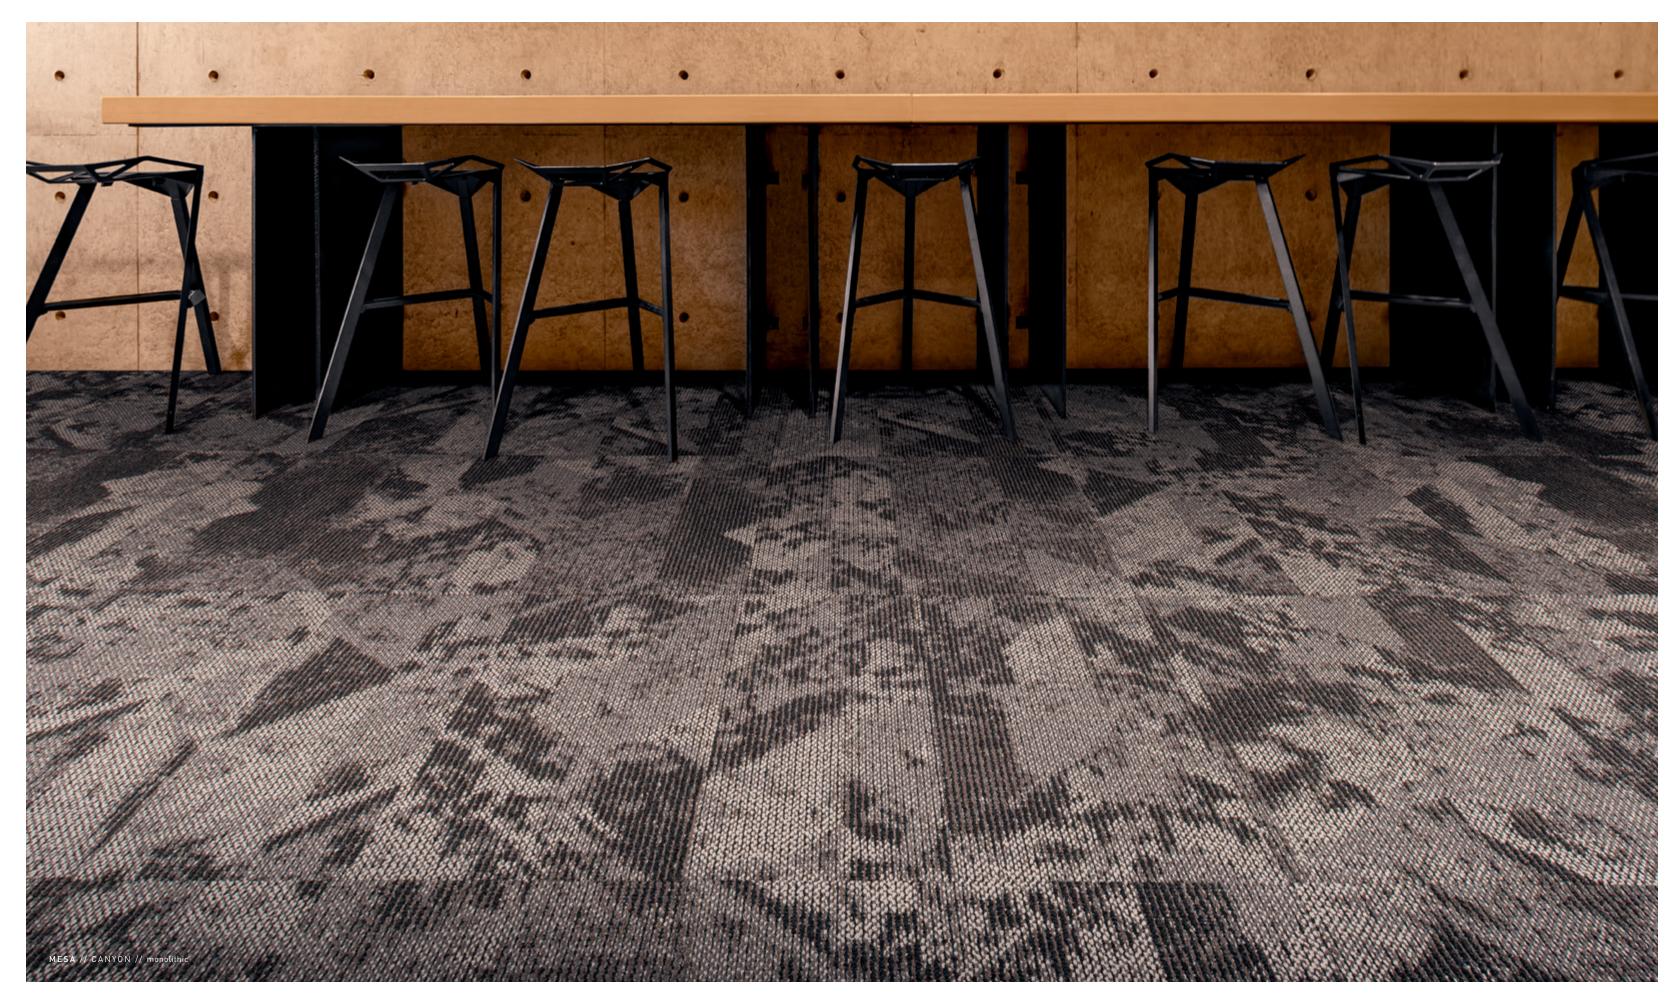

INSPIRATION

Nature provides its own catch-your-breath inspiration from its vast expanse of majestic landforms of rolling hills, grassy plains and carved-out terrain. Wind and erosion bestow these formations with a divergent character, artfully layering contrasting textures- rough alongside smooth- creating an intriguing mix of oblique silhouetted patterns. The Landforms Collection pays tribute to nature's artistry with two organic patterns, Mesa and Valley - contrasting patterns of beautiful muted, filtered light colorations that strike a relaxed, harmonious balance for contemporary interiors.

COORDINATES

Beyond the beauty of individual products, our flooring coordinates effortlessly across all of our product platforms - modular carpet tile, broadloom, LVT and Kinetex textile composite flooring. This offering enables you to blend a range of designs with tonal simplicity to create palettes that reflect the demands of each unique space.

FIBER

Encore® SD Ultima® Nylon

(with recycled content) is specifically engineered to maximize appearance retention with exceptional color, performance, sustainability, and practicality.

BACKINGS

Nexus[®] Modular products can be installed in a variety of ways and are performance engineered to be visually appealing. In addition, they are designed to accommodate your long-term flooring budget.

- » Manufactured in an ISO 14001 certified facility
- » Contains pre-consumer recycled content and contributes to LEED
- » Recyclable through the J+J Flooring's R4 Carpet Reclamation Program

PremierBac® Plus is standard on broadloom products and provides superior construction to ensure solid dimensional stability for broadloom carpets.

- » Stretch-in or glue-down installation
- » Manufactured in an ISO 14001 certified facility
- » Contains pre-consumer recycled content and contributes to LEED
- » Recyclable through the J+J Flooring's R4 Carpet
- » Reclamation Program

ADHESIVE

Commercialon[®] Premium Carpet Adhesive

is formulated for the most demanding interior carpet installations. It forms a powerful bond with stiff and heavy backed commercial carpets directly over approved substrates. It is quick setting, features antimicrobial protection and can be removed easily. This solvent free adhesive is also low in odor, meeting the low VOC emission criteria of the CRI Green Label Plus Indoor Air Quality. Commercialon Premium Adhesive is for use with broadloom PremierBac® Plus and Endure[®]Plus backing systems.

Commercialon[®] Premium Modular Adhesive

A high strength acrylic latex-based carpet adhesive specifically formulated for bonding modular PVC backed carpet to the floor. This premium adhesive is for use with all Nexus Modular Tile products. This adhesive is guaranteed for the life of the installation when used in accordance with the J+J Flooring Carpet Installation Handbook. Commercialon Premium Modular Adhesive meets the CRI Low-VOC Emission Criteria, CRI ID# PSA-425402. Commercialon Premium Modular Adhesive is non toxic, has ultra-low odor and is antimicrobial in the dry state.

©2022 J+J Flooring Group, LLC - This unique design is protected under the U.S. Copyright Act of 1976. Any unauthorized copying or duplication of this design constitutes copyright infringement in violation of federal law. Due to the unique visual characteristics of modular carpets, pattern repeats and pattern run-off seams may appear more noticeable than in broadloom carpets. Such visual characteristics do not constitute a manufacturing defect, and as such, should be considered when selecting modular carpet and its installation.

These photographs are representations of the installation for this modular product. Your modular installation may look different than these photos depending upon individual tile placement, lighting, and overall space layout, including furnishings. Final tile placement and the resulting visual is thus the customer's, and not J+J Flooring's responsibility.
