INSPIRATION

Taking inspiration from the captivating architectural geometry of an urban landscape, this trio of products abstractly reflects the many sides of a city's character. Just as the bright lights and vibrant color of a downtown are grounded by concrete and steel, so are the soft neutrals and vibrant accents of this collection's colorways. The fractal shapes overlayed onto gentle ombres of color mimic the modern symmetry of high-rise structures and impart a multi-dimensional visual impact.

Any unauthorized copying or duplication of this design constitutes copyright infringement in violation of federal law. Due to the unique visual characteristics of modular carpets, pattern repeats and pattern run-off seams may appear more noticeable than in broadloom carpets. Such visual characteristics do not constitute a manufacturing defect, and as such, should be considered when selecting modular carpet and its installation.

These photographs are representations of the installation for this modular product. Your modular installation may look different than these photos depending upon individual tile placement, lighting, and overall space layout, including furnishings. Final tile placement and the resulting visual is thus the customer’s, and not J+J Flooring’s responsibility.
