

Obsidian

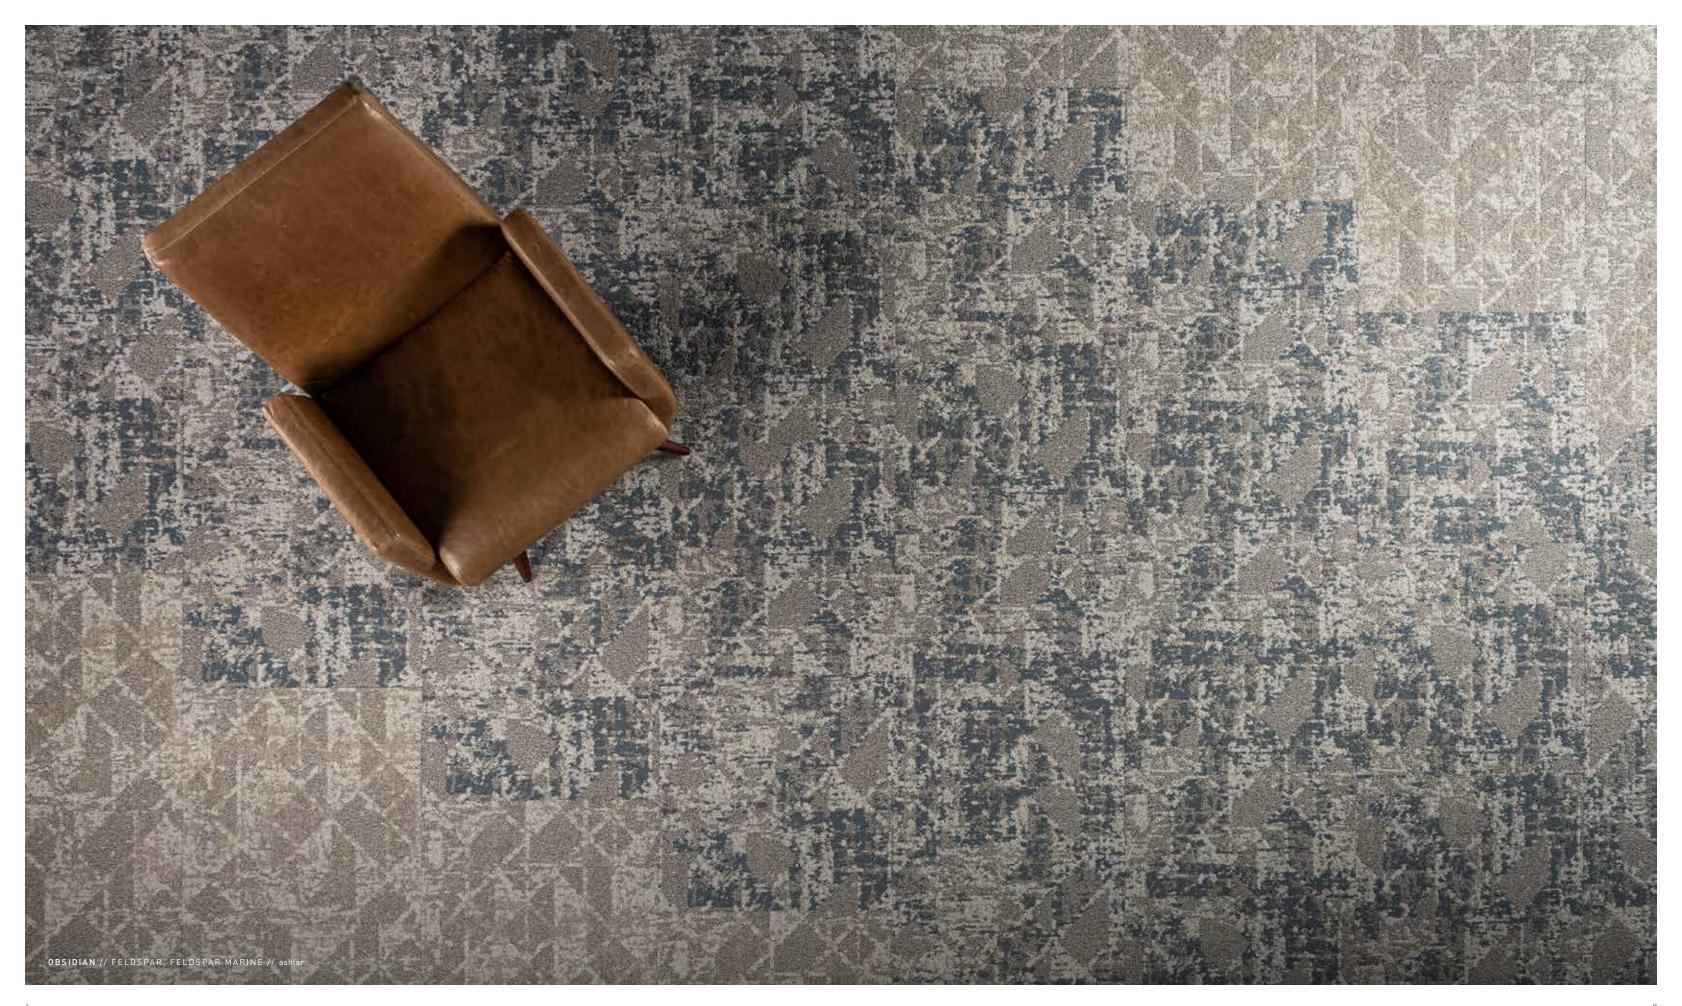

INSPIRATION

Few stones rival the powerful brilliance of the enigmatic obsidian. Its beauty and opulence has influenced artisans, culture, and even spirituality, for centuries. Inspired by its glass-like cuts and angles, Obsidian is a contrast of texture and geometry. The clean cutting lines allow shadows to fall in between, forming irregular geometric shapes. Obsidian is offered as a 24" x 24" carpet tile and is designed to effortlessly coordinate with its 24"x24" tile counterpart, Metamorphic. Both products offer luxurious multi-level loop patterning with uniquely textured yarns and diverse shade of color. This organic modern duo elevates any interior.

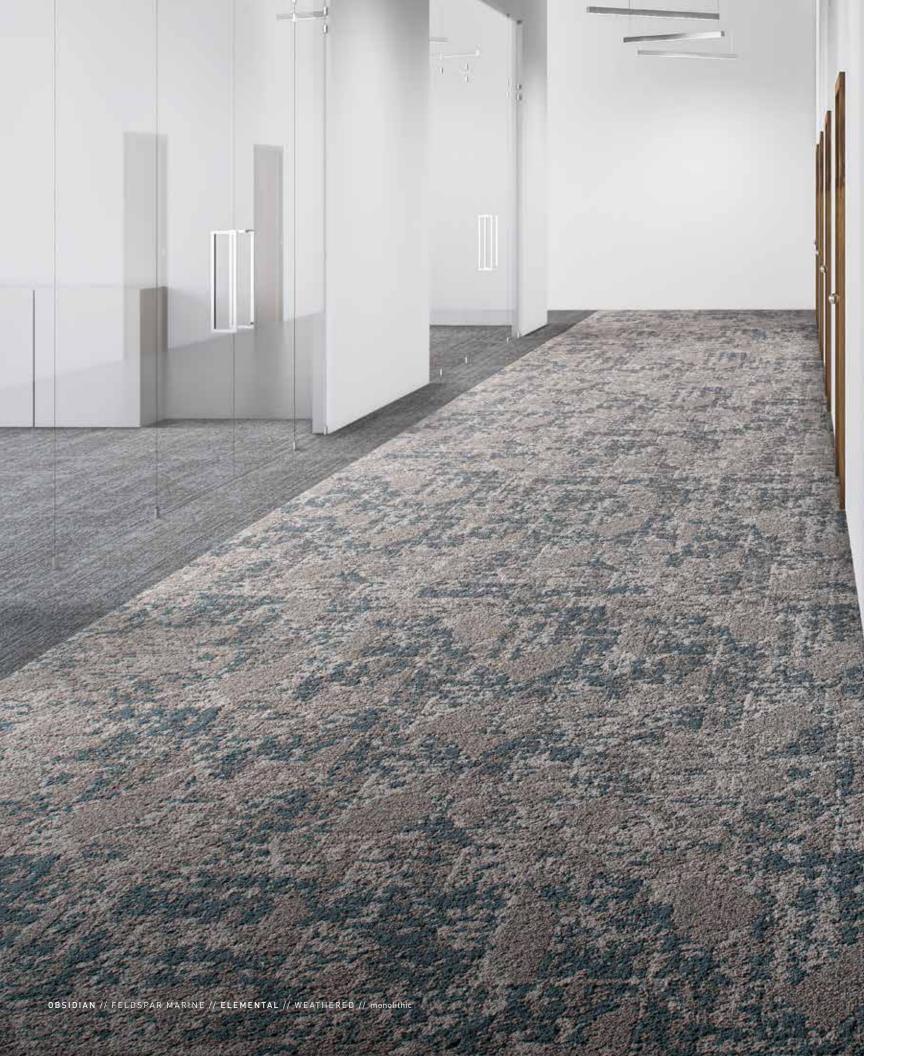

COORDINATES

Beyond the beauty of individual products, our flooring coordinates effortlessly across all of our product platforms - modular carpet tile, broadloom, LVT and Kinetex textile composite flooring. This offering enables you to blend a range of designs with tonal simplicity to create palettes that reflect the demands of each unique space.

PRODUCT DETAILS

SPECIFICATIONS

FIBER

Encore® SD Ultima® (with recycled content) is specifically engineered to maximize appearance retention with exceptional color, performance, sustainability and practicality.

BACKINGS

Nexus® Modular products can be installed in a variety of ways and are performance engineered to be visually appealing. In addition, they are designed to accommodate your long-term flooring budget.

- » Manufactured in an ISO 14001 certified facility
- » Contains pre-consumer recycled content and contributes to LEED
- » Recyclable through the J+J Flooring's R4 Carpet Reclamation Program

ADHESIVE

Commercialon® Premium Modular Adhesive

A high strength acrylic latex-based carpet adhesive specifically formulated for bonding modular PVC backed carpet to the floor. This premium adhesive is for use with all Nexus Modular Tile products. This adhesive is guaranteed for the lifetime of the installation when used in accordance with the J+J Flooring installation instructions.

Commercialon® Premium Modular Adhesive meets the CRI Low-VOC Emission Criteria, CRI ID# PSA-425402. Commercialon® Premium Modular Adhesive is non toxic, has ultra-low odor and is antimicrobial in the dry state.

OPTIONAL:

TileTabs - High Tack Adhesive Tabs (modular only)

MOISTURE

Are high levels of moisture in your concrete slab causing issues with your project's floor covering? We can help.

- » Nexus[®] Modular Carpet with TileTabs – 99% RH
- » Cost-efficient
- » Long-term performance
- » Straightforward, easy-tounderstand warranty
- » Requires no special floor preparation

TECHNOLOGIES

ProTex® Anti-Soil Treatment

ProTex is a proprietary anti-soil treatment technology that is applied and bonded to the pile fiber to impede soiling and to improve cleanability. It is standard on all J+J Flooring products.

OPTIONAL:

ProSept® Antimicrobial Sentir® Advanced Odor-Blocking Technology

Any unauthorized copying or duplication of this design constitutes copyright infringement in violation of federal law. Due to the unique visual characteristics of modular carpets, pattern repeats and pattern run-off seams may appear more noticeable than in broadloom carpets. Such visual characteristics do not constitute a manufacturing defect, and as such, should be considered when selecting modular carpet and its installation.

monolithic quarter turn

These photographs are representations of the installation for this modular product. Your modular installation may look different than these photos depending upon individual tile placement, lighting, and overall space layout, including furnishings. Final tile placement and the resulting visual is thus the customer's, and not J+J Flooring's responsibility.
