

RUG PROGRAM

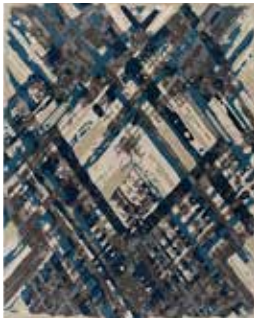

100%
NEW ZEALAND WOOL

J+J Rugs are hand tufted using 100% New Zealand wool. Wool is the only authentic naturally sustainable fiber, is soil and stain resistant and easy to clean and maintain. Our rugs utilize J+J's Encore® SD Nylon as a color resource and those colors are then dyed in wool to create the rug. This allows J+J Rugs to be easily coordinated with other J+J Flooring products.
