product details

FIBER

Encore® SD Ultima® (with recycled content) Encore SD Ultima is specifically engineered to maximize appearance retention with exceptional color, performance, sustainability and practicality.

BACKINGS

Nexus® Modular

Nexus modular products can be installed in a variety of ways and are performance engineered to be visually appealing. In addition, they are designed to accommodate your long-term flooring budget.

- Manufactured in an ISO 14001 certified facility
- Contains pre-consumer recycled content and contributes to LEED
- Recyclable through the J+J Flooring Group's R4 Carpet Reclamation Program

ADHESIVES

Commercialon® Premium Modular Adhesive

A high strength acrylic latex-based carpet adhesive specifically formulated for bonding modular PVC backed carpet to the floor. This premium adhesive is for use with all Invision Nexus Modular Tile products. This adhesive is guaranteed for the life of the installation when used in accordance with the J+J Flooring Group Carpet Installation Handbook. Commercialon Premium Modular Adhesive meets the CRI Low-VOC Emission Criteria, CRI ID# PSA-425402. Commercialon Premium Modular Adhesive is non toxic, has ultra-low odor and is antimicrobial in the dry state.

OPTIONAL:

TileTabs - High Tack Adhesive Tabs (modular only)

TECHNOLOGIES

ProTex® Soil Release

ProTex is a proprietary fluorochemical technology that is applied and bonded to the pile fiber to impede soiling and to improve cleanability. It is standard on all J+J Flooring Group products.

OPTIONAL:

ProSept® Antimicrobial Sentir® Advanced Odor-Blocking Technology

Green Circle - Zero Waste to Landfill Operations Certification

corporate programs

We are proudly certified as a Zero Waste to Landfill manufacturer by GreenCircle Certified, LLC., a prominent third-party certifier of environmental claims. We are the first commercial flooring manufacturer in the United States to achieve this landfill free status and the first company in the industry to have its waste diversion efforts audited and verified by a recognized, thirdparty certifier.

Due to the unique visual characteristics of modular carpets, pattern repeats and pattern run-off seams may appear more noticeable than in broadloom carpets. Such visual characteristics do not constitute a manufacturing defect, and as such, should be considered when selecting moduar carpet and its installation.

These photographs are representations of the installation for this modular product. Your modular installation may look different than these photos depending upon individual tile placement, lighting, and overall space layout, including furnishings. Final tile placement and the resulting visual is thus the customer's, and not J+J Flooring Group's responsibility.
