## INSPIRATION

Simple and elegant, Structure makes a statement and transcends the concept of design on a budget. The unique details of architectural elements influenced the pristine, nubby appearance of Structure. Tweedy, rugged textures, uneven in weights and coloring evoke the charm of aging brick, hand-woven textiles and weathered woods.

Rich in undertones, these distinctive, suffused neutrals are perfect for high-traffic areas and can take the space from modern and sophisticated to warm and comforting.

## FIBER

**Encore® SD Ultima® Nylon**  
 (with recycled content) is specifically engineered to maximize appearance retention with exceptional color, performance, sustainability, and practicality.

## BACKINGS

**PremierBac® Plus** is standard on broadloom products and provides superior construction to ensure solid dimensional stability for broadloom carpets.

- » Stretch-in or glue-down installation
- » Manufactured in an ISO 14001 certified facility
- » Contains pre-consumer recycled content and contributes to LEED
- » Recyclable through the J+J Flooring R4 Carpet Reclamation Program

## TECHNOLOGIES

**ProTex® Anti-Soil Treatment**

ProTex is a proprietary anti-soil treatment technology that is applied and bonded to the pile fiber to impede soiling and to improve cleanability. It is standard on all J+J Flooring products.

## OPTIONAL:

**ProSept® Antimicrobial****Sentir® Advanced Odor-Blocking Technology**

## ADHESIVE

**Commercialon® Premium Carpet Adhesive** is formulated for the most demanding interior carpet installations. It forms a powerful bond with stiff and heavy backed commercial carpets directly over approved substrates. It is quick setting, features antimicrobial protection and can be removed easily. This solvent free adhesive is also low in odor, meeting the low VOC emission criteria of the CRI Green Label Plus Indoor Air Quality. Commercialon Premium Adhesive is for use with broadloom PremierBac Plus, TitanBac® Plus and Endure Plus backings systems.
