Tatami

INSPIRATION

Finding inspiration in the clean, uncluttered simplicity of tatami mats finely woven by Japanese artisans, J+J Flooring's latest LVT offering weaves a beautiful and enlightened style of floor covering. Tatami mats are woven with natural straw, giving it a unique color variation across the mat. J+J Flooring's Tatami, mimics this natural variation of color, with color moving across each LVT plank.

SUSTAINABLY SOUND

J+J Flooring believes true sustainability requires full attention to the potential impacts of every aspect of our business. In accordance with our mission of waste reduction, J+J LVT products are 100% recyclable with up to 25% post-industrial recycled content – a true, safe and reliable stream derived from the manufacturing process. You can rest assured that health is also a top priority and all J+J Flooring LVT products are FloorScore Certified.

MOISTURE

Are high levels of moisture in your concrete slab causing issues with your project's floor covering? We can help.

- » Cost-efficient
- » Long-term performance
- » Requires no special floor preparation

ZPT ANTI-MICROBIAL TREATMENT

J+J Flooring LVT features a standard enhancement of ZPT (Zinc Protective Technology) anti-microbial. Dispersed into the product during the manufacturing process, ZPT anti-microbial prevents unpleasant odors, degradation and discoloration as a result of microbial contamination. ZPT contains Zinc Pyrithione as the main ingredient with no harmful additives. Zinc Pyrithione is a common dandruff shampoo ingredient and proven to be safe in both household and commercial use. ZPT anti-microbial technology guarantees your J+J Flooring LVT will provide a beautiful, long lasting and safe floor covering for years to come.

- 1 Protective UV Cured Urethane with Ceramic Bead
- 2 Wear Layer
- 3 High Definition Print Film
- 4 Impact Resistant Core Layer
- 5 Foundational Base Layer

Due to the unique visual characteristics of modular carpets, pattern repeats and pattern run-off seams may appear more noticeable than in broadloom carpets. Such visual characteristics do not constitute a manufacturing defect, and as such, should be considered when selecting modular carpet and its installation.

These photographs are representations of the installation for this modular product. Your modular installation may look different than these photos depending upon individual tile placement, lighting, and overall space layout, including furnishings. Final tile placement and the resulting visual is thus the customer's, and not J+J Flooring's responsibility.
