## INSPIRATION

Rich with imagery and significance, the field is a symbol of provision, peace, and abundance. **The Fields Collection** was inspired by the gentle swaying stalks of grain in the feathery horizons of pastures and meadowlands. **Wheat** is a depiction of tawny wind-swept grasses, billows of amber, and abstract flaxen stalks. **Rye** is an illuminated canopy of furrowed light and shadow through riverbanks of wild grain, reeds gently bent with fallen dew, and soft waves of blue rye grass in late summer. The Fields Collection is a beautiful grouping of two styles, available in 18" x 36" tiles, in nine colorways.

Any unauthorized copying or duplication of this design constitutes copyright infringement in violation of federal law. Due to the unique visual characteristics of modular carpets, pattern repeats and pattern run-off seams may appear more noticeable than in broadloom carpets. Such visual characteristics do not constitute a manufacturing defect, and as such, should be considered when selecting modular carpet and its installation.

These photographs are representations of the installation for this modular product. Your modular installation may look different than these photos depending upon individual tile placement, lighting, and overall space layout, including furnishings. Final tile placement and the resulting visual is thus the customer's, and not J+J Flooring's responsibility.
