## INSPIRATION

Step into a world where design shapes the horizon.

The View Making Collection is an exploration of movement, depth, and dimension—crafted through shifting scales and richly layered textures. These pieces are not simply objects in a space; they are catalysts that transform it.

Each design invites you to pause, look closer, and rediscover the beauty embedded in your surroundings. This collection is a celebration of journeys, perspectives, and horizons—an invitation to see differently.

Perfectly suited for environments that ignite creativity and foster connection, the View Making Collection reframes the way we experience space.

Any unauthorized copying or duplication of this design constitutes copyright infringement in violation of federal law. Due to the unique visual characteristics of modular carpets, pattern repeats and pattern run-off seams may appear more noticeable than in broadloom carpets. Such visual characteristics do not constitute a manufacturing defect, and as such, should be considered when selecting modular carpet and its installation.

These photographs are representations of the installation for this modular product. Your modular installation may look different than these photos depending upon individual tile placement, lighting, and overall space layout, including furnishings. Final tile placement and the resulting visual is thus the customer's, and not J+J Flooring's responsibility.
